

Unique Design Combines A Variety Of Material Handling Capabilities With Spill Control

Ultra-SpillKing features a removable deck with 4-way forklift access. Combined with its 85-gallon containment sump, drum handling and storage have never been safer.

ULTRA-SPILLKING	
Drum Pallet and Sump	Drum Pallet Only
Part# 0801: no drain Part# 0802: with drain	Part# 3000801
Dimensions: 51" x 51" x 17 1/2"	Dimensions: 48 3/4" x 48 3/4" x 5 1/2"
Weight: 110 lbs.	Weight: 57 lbs.
Uniformly Distributed Load: 6,500 lbs. static	Uniformly Distributed Load: 15,000 lbs. static
Containment Capacity: 85 gallons	

- Rugged polyethylene construction features a 6500-pound static load capacity.
- Place SpillKing basins in strategic areas — drums can be easily rotated and replaced with the forkliftable deck.
- Meets EPA and Uniform Fire Code Spill Containment Regulations.

NOTE: For drum use only.

ULTRA-SPILLPALLET FLUORINATED MODELS	
Ultra-SpillPallet P4 Fluorinated	Ultra-SpillPallet P2 Fluorinated
Part# 1210: no drain Part# 1211: with drain	Part# 1212: no drain Part# 1213: with drain
Dimensions: 53" x 53" x 11 3/4"	Dimensions: 53" x 29" x 16 1/2"
Weight: 85 lbs.	Weight: 63 lbs.
Uniformly Distributed Load: 6,000 lbs.	Uniformly Distributed Load: 3,000 lbs.
Containment Capacity: 66 gallons	Containment Capacity: 66 gallons
Optional PullOver Covers, Part# 1006	Optional PullOver Covers, Part# 1016

Certain chlorinated solvents are considered incompatible with standard polyethylene. However, a gas treatment process known as fluorination alters the surface of molded polyethylene products, making them compatible with these and many other aggressive chemicals. The light blue color indicates that the SpillPallets and grates have been fluorinated.
