

Ultra SpillPallet P4 Plus®

The *Only* Low-Profile Polyethylene Spill Pallet Strong Enough to Handle Full IBCs

- Capture small leaks and nuisance spills from IBCs.
- Keeps floors free from drips and small spills — eliminates OSHA slip hazards for hazardous and non-hazardous spills.
- 4-way forklift entry.
- Translucent sidewalls offer convenient visual leak detection.
- Large 52" x 52" usable deck space accommodates all sizes and shapes of IBCs.

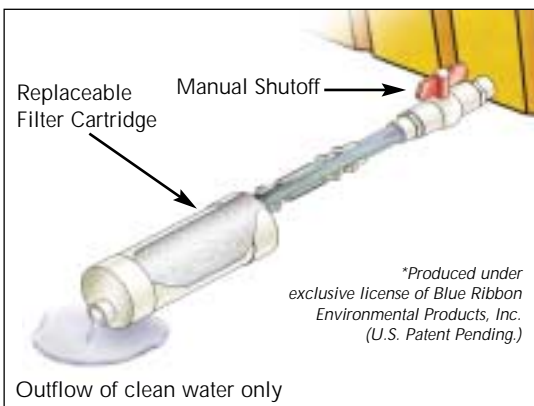

ULTRA-SPILLPALLET P4 PLUS

Part# 9630: no drain	Part# 9631: with drain
Dimensions: 62" x 62" x 8 3/4"	Weight: 125 lbs.
Uniformly Distributed Load: 9,000 lbs.	Containment Capacity: 75 gallons

U.S. Patent No. 5,615,608

Ultra SelfBailer®

Passively Filter Hydrocarbons From Stormwater In Outdoor Containment Products

- The best protection for non-monitored containment sites.
- Helps eliminate problems associated with the collection of rainwater in outdoor containment products.
- Simple installation — can be connected to any outdoor containment product.
- Hydrocarbon "sheens" and modest spills are captured — clean stormwater drains through the outflow port.
- Larger or concentrated spills activate "auto-shutoff" mechanism.
- Manual shutoff valve can be used to secure all draining operations, change out the filter cartridge.
- Filters are quickly and easily replaced.

ULTRA-SELFBAILER

Part# 9935
Dimensions: 28" x 3 1/2" dia.
Weight: 2 lbs.
Flow Rate: 7.5 gallons per hour*
Material: PVC
Replacement Filter Cartridges 2-Pack Part #9936

*At 2"WC (Head Pressure)

Use with IBC SpillPallets, Containment Berms and other outdoor containment products.

Use as a Best Management Practice to meet stormwater regulations.
